

change

We had dreamt of bringing in CHANGE that would transform lives. Committed to quality, harmony and green environment in artfully designed, efficient spaces, MANI has kept broadening its horizon to include townships, commercial spaces, IT parks, retail, hospitality, education and power.

Over the years we have been building coveted homes spanning millions of square feet in Kolkata, Bhubaneswar, Durgapur and few other cities. Pursuing excellence and innovation, we have created projects that rewrote trends and carved for MANI a niche without parallel in the realty business.

MANI SQUARE, the first-ever global supermall in Eastern India redefines shopping and entertainment in **Kolkata**.

PINK SQUARE brings vibrancy to highstreet shopping, food and entertainment at Raja Park in the heart of **Jaipur**.

PENETTI BANQUET, MIO AMORE, the upcoming JW MARRIOTT in **Kolkata**, and THE COURTYARD in **Siliguri** are landmark projects. Highly experienced, ultraprofessional MANI teams have invested extra effort and orchestrated every detail to satisfy the highest of expectations from these projects.

GREENWOOD HIGH INTERNATIONAL SCHOOL in **Bangalore** was created to offer holistic growth and personality development for children from an early age.

IQ CITY in **Durgapur** is an endeavour in an integrated township with an influx of intelligence within its design and MANI TIRUMALA in **Bhubaneswar** is set to combine luxury and comfort with affordability.

WINDMILLS in **Dhule**, Maharashtra, has been our first leap towards 'greener' Power generation in the near future.

CHANGE isn't easy. It takes ability and commitment to lay the foundations of an idea that can transform lives around it. This has helped us gather expertise not only to change lifestyles, but also enrich a generation and prepare them for the next era.
